

the plantation

LUXURY ACCOMMODATION
CONFERENCES & EVENTS

Accommodation

The Plantation is a 21 acre private estate surrounded by pristine bushland and State Forests. The award winning design includes eight fully air-conditioned accommodation guest rooms, all appointed with luxurious bed and bath linen, L'Occitane guest toiletries and waffle bath robes. Each guest room opens onto a stunning wrap-around tiled veranda with sweeping views of the surrounding estate.

As a vacation retreat, a wedding venue or a conference centre, The Plantation gives the sensation of an exotic far away destination without the hassle of traffic or the expense of extensive travel. Luxuriously appointed yet casual and welcoming, The Plantation is large enough for conferences and weddings yet private enough for intimate house parties. It is the ideal location for those who wish to leave the city behind and simply get away from it all.

Beyond the gated entrance and up the imposing tree lined drive, the property offers a secluded homestead which overlooks the courtyard, pool and central fountain as well as the Paulownia Plantation and Summerhouse beyond. All rooms are individually styled and have an elegant country-house feel where comfort is paramount. Natural fabrics, like Italian linens, cottons, wools and silks add to the feeling of understated luxury.

The décor at The Plantation is contemporary classic in style. Refreshingly cool, neutral walls provide a calming backdrop for the eclectic mix of international styles that have been featured within the homestead. A general "Plantation" theme features throughout the estate and a deliciously eccentric 'pineapple' motif, an age old symbol of hospitality, is subtly echoed in the interior décor.
